Over 380,000 students from Albania and Kosovo are in colleges, universities, and high schools -making plans for their future.

The exhibition will be attended between 2,200 and 2,600 top-quality students will attend. The Fair works with local colleges, universities and high schools to pre-select the most qualified candidates with the greatest chance for success with visas, financial viability, and acceptance to your institutions. They work in partnership with students and their parents, helping them pre-select the best fit of subjects, schools and countries – in preparation for the event. The Fair reaches top talent throughout Albania and Kosovo, bringing students from smaller cities and regions not usually served by education fairs.

Autumn is the prime time for an education fair. Students need autumn and early winter to complete their language preparations. Students and parents use this time to research their choices, finalize their plans, and prepare for applications.
