

Italy - VIRTUAL International Education Europe EXPO - Winter

Information

The Europe EXPO Roadshow offers international education institutions, of any discipline and from any country, the opportunity to present their courses to thousands of pre-selected and pre-screened students in Italy's and Spain's most productive markets during Italy's and Spain's leading International Student Recruitment Fairs.

During a 4 hour Virtual Fair, Institutions will have the opportunity to talk via live text and video with students and let them ask questions, collect brochures, and learn about all you have to offer. Just like an onsite event, this event is promoted through selected channels and invite students that have the right profile and are a great match for the institutions attending.

By way of a Virtual Fair, you're able to engage the digital generation's 21st-century student, from the largest cities and the smallest towns without leaving the office.

Not only can you access your successful and proven markets, but you can trial your institution in new non-traditional markets, without either the financial or time investment usually required.

Reasons to Attend

The International Education Europe EXPO Roadshow held in October 2019 received 4,300 students and 53 institutions from around the world in attendance for the total EXPO.

Language schools, colleges, universities, high schools, IT colleges, business schools, hotel schools, postgraduate and MBA programs from more than 40 countries have experienced increased enrollments and brand awareness through these recruitment events. Student participants are screened through online questionnaires to ensure only the highest quality visitors attend the events. Each attendee's capability and desire to study abroad is assessed, ensuring that invitations are sent only to those who have the genuine intention and the financial means to study abroad.
