

CENTRAL EUROPEAN STUDY ABROAD FAIR, SLOVAKIA - FALL

26 Sep 2018 - 27 Sep 2018

Information

Central European Study Abroad Fair Slovakia has a long-term success in Brno and Prague with its new location in Nitra. They are among the best known education and study abroad fairs in Central Europe.

Reasons to Attend

Over 8,000 visitors from Slovakia are expected to visit the event, with 180+ exhibitors from EU, USA, Asia and all around the world come to see the Exhibition every year. Participation at the Nitra exhibition is your best way to approach students from the Slovak region. The Exhibition has long tradition, excellent reputation and a very high standard of services for both exhibitors and visitors. It is regarded as a top event by the most prestigious Slovak and European universities.

It is a unique way to provide direct personal contact between students and exhibitors in a pleasant and dynamic atmosphere, with a focus on providing useful information to individual visitors and discussing study opportunities with them.

The Nitra fair will bring together Universities, colleges, education institutions, language schools and other higher schools from all over the world aiming to promote their education programs and recruit Czech and Slovak students.

Market Overview

The percentage of Slovaks with higher education has increased considerably over the last decade and an increasing number of students from Slovakia are studying abroad. Eurostat data indicates that some 12.2% Slovak tertiary students studied in another EU country in 2010. Around 70% of Slovak students who study abroad choose to study in neighbouring countries and 30% choosing to study further a field. Slovak universities are more and more involved in a wide range of international cooperation activities and programmes taking place in the European Union and other countries.

Fair Outline

The international education fair in Slovakia was introduced in 2015 as a new Central European Education and Study Abroad Exhibition where Slovak and other international institutions offer the most of study opportunities for students from central Europe. The exhibition:

- Is a unique way to provide direct personal contact between students and exhibitors in a pleasant and dynamic atmosphere.

- Focuses mainly on providing useful information to individual visitors and discussing study opportunities with them.
- Offers interesting accompanying programs: Exhibitor's presentations, Let's play with technology, Science for life, Tailor-Made Study Abroad.
- Is well advertised and has many accompanying programmes to support attendance.
- Advertising is targeted to high schools, and the students are being personally invited to attend the exhibition.
- Well-organized accommodation and transportation options.

The Fair is being held under personal patronage of international Embassies, Ministry of Education, Member of The Czech Parliament and the City Mayor.

EINSTIEG RECRUITMENT FAIRS IN GERMANY - FALL

05 Oct 2018 - 23 Nov 2019

Information

Einstieg is Germany's leading service provider in the field of undergraduate recruitment - and your reliable partner for the German student market. Our student recruitment fairs all over Germany attract more than 1,500 exhibitors from over 20 countries and more than 175,000 visitors each year.

Fair Outline

The Einstieg student fairs take place seven times a year and are Germany's largest forum for educational and degree programmes. They give universities and companies the opportunity to get in direct contact with students and young adults to cover their recruiting needs. The fairs are held in some of Germany's most important economical and metropolitan areas.

Usually, a fair takes place over 2 full days (Friday and Saturday) and offers visitors lots of information about degree and other educational programmes in Germany, as well as programmes abroad. Both, students with no distinct career ideas, as well as students with well-defined career goals, can find guidance and information alike.

Reasons to Attend

The events are mostly targeted at German Gymnasium (German grammar school leading to A Levels) students, who are striving to complete the Abitur (German A Levels) exam or have already passed their Abitur. However, committed Realschule (German general secondary school) students as well as students with further vocational qualifications, young employees, and college dropouts can also gain new ideas for their future by visiting the Einstieg fairs. Teachers and parents are important conversation partners for young adults when it comes to making career and study decisions, which is why our fairs also offer useful information for these two target groups.

Our events offer an interesting talks and presentations programme that exhibitors can take part in. We have stages at each fair as well as our Speakers Corner that gives exhibitors the opportunity to speak to visitors in a smaller group and encourage two-way conversation.

Our visitors can do a free online interest-check prior to visiting the fair to find course options and institutions that match their interests, strengths and skills. They can also use the test results to make appointments with matching exhibitors before visiting the fair.

Market Overview

Germany is ranked among one of the most well-travelled countries. German adolescents not only take vacations frequently, but their interest in studying or working abroad has been increasing continuously. Surveys among our

recruitment fair visitors indicate that Einstieg visitors are particularly interested in degree programmes or gap years abroad after their graduation - every third respondent shows interest. This is not surprising: the number of pupils attending grammar schools and senior classes of comprehensive schools and therefore intending to moving on to university is comparatively high at Einstieg recruitment fairs.

Generally, the interest of German pupils in international degree programmes has steadily increased over recent decades: according to numbers published by the German Federal Statistical Office, almost 140,000 German young adults studied at universities abroad in 2012 (most current data available) - students were either enrolled for an academic term or degree programmes. Compared to that, roughly 2,400,000 students were enrolled at universities in Germany.

The most popular countries for international academic programmes included Austria, the Netherlands, Switzerland, Great Britain, the United States and France. Overall, 83.4 percent of German students decided to study in Europe. 8.4 percent chose programmes located in North- and South-America, 5.7 percent chose to study in Asia, 1.7 percent studied in Australia and Oceania, and 0.6 percent decided to study abroad in Africa.

Fair Support

Our fairs are under the patronage of Prof. Dr. Johanna Wanka, Federal Minister for Education and Research.

ISFA INTERNATIONAL STUDENT FAIRS AFRICA - FALL

24 Sep 2018 - 02 Oct 2018

Information

Come and participate at the 10th edition of the ISFA International Student Fairs Africa - Fall 2018.

Reasons to Attend

The exhibition will bring together students and international education providers with the focus on recruiting students for foundation, undergraduate and postgraduate levels.

Higher education has recorded strong growth in East Africa in recent years due to increased demand. The use of websites, subscribing to academic journals, use of intranet, social media and other e-learning tools have revolutionised the academic sector in East Africa.

Market Overview

Altogether, there are about 100 universities in East Africa, both public and private, with Kenya hosting the highest number, 40.

With local Kenyan universities not being able to offer enough places for students, more students are looking into opportunities to study overseas as they also wish to improve their career prospects in the labour market after graduation.

According to University World News, 57% of 1,044 Kenyan students polled in the recent survey said that they would prefer to study in a foreign university than a local one. The number of Kenyans issued with student visas has been on the rise in recent years according to government statistics.

An increase in Kenyan schools offering A-Levels and International Baccalaureate naturally increased the number of students willing to study abroad. Those ones who obtained the Kenya Certificate of Secondary Education (KCSE) can still apply to foreign universities but most of such students choose to go for Access Courses abroad.

In the past decade Tanzania's public universities have witnessed rapid growth in enrolment. There are nearly 30 public and private universities in Tanzania. Demand for higher education is large with an estimated student population of 15,000.

According to a recent report from the Tanzania Education Sector Analysis, emphasis has been put on higher education, to adequately meet the growing demand from secondary school leavers and produce skills relevant to current and future economic growth. University enrolment has grown at an average annual rate of 30% over 2005-09.

Fair Outline

Main areas are undergraduate courses and postgraduate courses with a visible increase in interest for professional qualifications. Many foreign universities attract Kenyan students for access and foundation courses in marketing, business, management and IT.

The main subject areas are: business and finance, medicine and related sciences, IT, engineering, hotel management, humanities, law, science, MBA, and distant learning.

WORLD EDUCATION FAIR - ROMANIA - FALL

21 Sep 2018 - 27 Sep 2018

Information

The World Education Fair in Romania for undergraduate, postgraduate, MBA providers and independent schools, aims to recruit a high number of students applying for courses provided by participating institutions.

Reasons to Attend

The World Education Fair in Romania is the only event dedicated purely to education, for students of all ages in Romania, and it is already growing in popularity amongst institutions and students alike. The Romania exhibition is part of the World Education Project, which Integral Educational Programs started over seven years ago in order to help young people get the right information about new opportunities for university, college and school education abroad.

Market Overview

There are currently between 22,000 and 50,000 Romanian students studying abroad, according to data from Balkan Insight. The numbers vary according to different estimations as there is no single organisation that addresses this group of Romanians. Many students are studying in the United States and the United Kingdom.

Fair Outline

In 2016 a total number of 120 exhibitors attended the fair from 18 countries. These countries included: Switzerland, The Netherlands, UK, Belgium, Spain, Italy, Denmark, Czech Republic, Bulgaria, Greece, Poland, Liechtenstein, Germany, Austria, USA, China, France and Romania. Furthermore, there were a total number of 4217 Visitors who attended the fair. The World Education Fairs themselves have become a must for every student interested in education abroad. Now more and more students use the opportunity to meet with educational organisation face-to-face, when choosing their future university, college or school and course/s of study. The international educational fair in Romania will continue this trend.

The World Education Fair in Romania is a successful recruitment tool for institution thanks to a few important points:

- Consistent marketing research, establishing the trends
- Attracting the young people to choose for their education abroad
- Massive promotional campaign and personal attention to the students
- Pre-registration of more than 50% of visitors.

The desired result, which has been experienced by most participants of the Project, is access to a high number of visitors and the successful recruitment of students. It is important for us to maintain the highest standards, inviting organisation offering quality programmes, choosing venues in places with top central locations in 5 – star hotels

and with extra services provided. In addition to participating during the events, the participants use services to follow-up on their marketing efforts, to visit high schools and to organise extra promotional activities, such as the University Catalogue (See Advertising for details) and to give presentations. Get involved and see the results!
