

# ARTISTIC - FASHION & DESIGN EDUCATION- PARIS FAIR

24 Nov 2018

## Information

The 16th edition of the Studyrama Artistic Fashion and Design Fair is taking place in Paris on 24th November 2018.

### Reasons to Attend

Over 7500 visitors came to the The Artistic Fashion and Design Fair in 2016, of which 60% were in last year of high school, 25% were in advanced vocational programs, 10% were in undergraduate programs and 5% were in postgraduate programs. 30% of the visitors came from Paris, 59% from Paris suburbs and 11% from various parts of France.

### Market Overview

According to the French government, about 100,000 French students go to abroad for their studies; among them 25,945 are Erasmus exchange students.

France is attractive for student recruitment because of the high number of students prepared to study abroad. French students want to improve their language skills and other skills and finally optimize their integration in the professional world thanks to foreign study programmes. French students and employees of companies consider studying abroad provides a big advantage for a successful professional career. When students want to pursue a professional career abroad, studies in a foreign country is the best way to integrate into that country at first.

Each year, more than 47,000 French students take degrees in non-native European Union countries. France has a population of 62.9 million with a per capita GDP of US \$31,096 and is the third-largest economy in Europe after Germany and the UK. French higher education has a long tradition of openness and accessibility\*. The national government devotes 20 percent of its annual budget to education. Fees for both French and international students are kept very low to persuade students to stay in education as long as possible. There are about 190,000 international students, from all over the world, currently enrolled in French higher education.

### Fair Outline

The education fair will provide visitors with more than 200 initial and sandwich courses, such as in fashion, cinema, communication, multimedia, design, etc. The wide choice of studies, within the creative arts, offers students information and guidance to help them pursue their studies. For students this fair offers the availability of simple and free consultation, top tips, advice about funding, student loans, insurance, etc, to help students be as prepared as possible for their student life.

In previous years, Fashion has been a feature and areas specially dedicated to Cinema were created.

## Conferences for the arts

Four different conferences are held throughout the two days, informing and encouraging students to find the right studies in the arts, matching their projects. An area is dedicated to meeting professionals in cinema (like Bertrand Tavernier, a famous French director, scriptwriter and producer) and comic books creators. You can also find an area with various animations, demonstrations of textile creation, of stunts with the public participation and the description of the fabrication chain of a cartoon.

Free consultation is provided on Jobs and Internships and the Studyrama Artistic Training Official guide is distributed for free at the entrance of the fair.

# EINSTIEG RECRUITMENT FAIRS IN GERMANY - FALL

23 Nov 2018 - 23 Nov 2019

## Information

Einstieg is Germany's leading service provider in the field of undergraduate recruitment - and your reliable partner for the German student market. Our student recruitment fairs all over Germany attract more than 1,500 exhibitors from over 20 countries and more than 175,000 visitors each year.

## Fair Outline

The Einstieg student fairs take place seven times a year and are Germany's largest forum for educational and degree programmes. They give universities and companies the opportunity to get in direct contact with students and young adults to cover their recruiting needs. The fairs are held in some of Germany's most important economical and metropolitan areas.

Usually, a fair takes place over 2 full days (Friday and Saturday) and offers visitors lots of information about degree and other educational programmes in Germany, as well as programmes abroad. Both, students with no distinct career ideas, as well as students with well-defined career goals, can find guidance and information alike.

## Reasons to Attend

The events are mostly targeted at German Gymnasium (German grammar school leading to A Levels) students, who are striving to complete the Abitur (German A Levels) exam or have already passed their Abitur. However, committed Realschule (German general secondary school) students as well as students with further vocational qualifications, young employees, and college dropouts can also gain new ideas for their future by visiting the Einstieg fairs. Teachers and parents are important conversation partners for young adults when it comes to making career and study decisions, which is why our fairs also offer useful information for these two target groups.

Our events offer an interesting talks and presentations programme that exhibitors can take part in. We have stages at each fair as well as our Speakers Corner that gives exhibitors the opportunity to speak to visitors in a smaller group and encourage two-way conversation.

Our visitors can do a free online interest-check prior to visiting the fair to find course options and institutions that match their interests, strengths and skills. They can also use the test results to make appointments with matching exhibitors before visiting the fair.

## Market Overview

Germany is ranked among one of the most well-travelled countries. German adolescents not only take vacations frequently, but their interest in studying or working abroad has been increasing continuously. Surveys among our

recruitment fair visitors indicate that Einstieg visitors are particularly interested in degree programmes or gap years abroad after their graduation - every third respondent shows interest. This is not surprising: the number of pupils attending grammar schools and senior classes of comprehensive schools and therefore intending to moving on to university is comparatively high at Einstieg recruitment fairs.

Generally, the interest of German pupils in international degree programmes has steadily increased over recent decades: according to numbers published by the German Federal Statistical Office, almost 140,000 German young adults studied at universities abroad in 2012 (most current data available) - students were either enrolled for an academic term or degree programmes. Compared to that, roughly 2,400,000 students were enrolled at universities in Germany.

The most popular countries for international academic programmes included Austria, the Netherlands, Switzerland, Great Britain, the United States and France. Overall, 83.4 percent of German students decided to study in Europe. 8.4 percent chose programmes located in North- and South-America, 5.7 percent chose to study in Asia, 1.7 percent studied in Australia and Oceania, and 0.6 percent decided to study abroad in Africa.

## Fair Support

Our fairs are under the patronage of Prof. Dr. Johanna Wanka, Federal Minister for Education and Research.
