

# Hong Kong International Education Fair - Summer

## Information

Hong Kong International Student Fair has become the most popular and informative education event in Hong Kong since its debut in 2004. The large-scale and well-found study resources exchange platform favors this event to be the most popular summer Expo of its kind in the city.

## Reasons to Attend

The fair is well-positioned to continue delivering rich information exposures and timely preparation for candidates\* and parents in tandem with the release of 1<sup>st</sup> HKDSE and HKAL results.

In 2019, over 20,000 visitors and 400 education providers from 20 countries and regions (Hong Kong, China, the U.K., the U.S.A., Australia, New Zealand, Canada, Switzerland and Japan), gathered to provide students with the latest career-oriented programs and academic courses. A wide spectrum of learning programs in diplomas, higher diplomas, associate degrees, bachelor degrees, master degrees, and vocational training will be available.

## Market Overview

Hong Kong is a Special Administrative Region of the People's Republic of China and has a population of 7 million people. It is a dynamic market environment, now being influenced positively by major education reforms and changes to the academic structure being phased in between 2009 and 2012.

There is a well-established tradition among Hong Kong families of sending their children to study overseas. According to a Thematic Household Survey Report on 'Hong Kong students studying outside Hong Kong', by the Census and Statistics Department in December 2010, there were 66,700 people aged 25 and below who intended to study outside Hong Kong in the next five years.

## Fair Outline

The Hong Kong fair is widely supported by various youth organizations and associations, educational professions, and media parties. To cope with challenges in a highly competitive knowledge-based community, we aspire to stride across the transitional period of 3.3.4. an education system with students, encourage them to pursue a promising future with a global vision through whole-person education.
