

ALL-KAZAKHSTAN INTERNATIONAL EDUCATION FAIR

01 Feb 2020 - 05 Feb 2020

Information

58 institutions from 16 countries participated in the AKIEF last year and more than 3800 visitors attended our fairs in four cities of Kazakhstan. Speedy economic and social development of Kazakhstan has resulted in an acute need for personnel with advanced western education. This is an important contributing factor to the popularization of overseas education, particularly in the English-speaking countries.

Market information

Kazakhstan has taken part in Lisbon conference and signed a Convention of Council of Europe - UNESCO on recognition of qualifications, regarding the higher education. The fair will be an ideal opportunity and a strong bridge for Kazakh students, parents, school representatives and media partners to meet and benefit at the same time. An average annual GDP growth of over 5% over last five or six years significantly raised creditworthiness and financial capacity of the population allowing parents to educate their children in commercial universities and colleges. As prices for higher education in Kazakhstan rapidly approach Western levels many parents begin to look overseas at educational destinations for their children.

Education in Kazakhstan is universal and mandatory through the secondary level and the adult literacy rate is 99.5 percent. The Ministry of Education's Bolashak scholarship grants some 3,000 young students a year the opportunity to travel to 32 countries to attend 630 universities.

Fair Outline

There has been a growing interest in Kazakhstan for postgraduate, business, and economic programmes. Almaty traditionally is a good market for economics and business management programmes, whilst Astana attracts a different audience of students who have an interest in Law and Political programmes. Rapid economic and social development of Kazakhstan has resulted in an acute need for personnel with advanced western education. This is an important contributing factor to the popularisation of overseas education, particularly in the English-speaking countries.

This Educational Fair will provide an excellent opportunity for all participants to tap into Kazakhstan's student market and gain access to a large number of potential applicants.

INTERNATIONAL EDUCATION EXHIBITION IN MONGOLIA - SPRING

28 Mar 2020 - 29 Mar 2020

Information

The International Education Exhibition Fall in Mongolia is the place where educational providers worldwide have the opportunity to meet with talented and intelligent students from Mongolia. The fair offers a unique opportunity to learn more about studies abroad first hand, to choose programmes and courses and decide on educational institutions for studies.

Reasons to Attend

The International Education Exhibition in Mongolia has grown to be a leading education exhibition, where thousands of serious and motivated students and their families meet with prestigious education providers from all around the world. The Mongolia education fair will attract prospective students, concerned parents, academics and teaching staff as well as professionals from all walks of life.

There is a growing interest from the mass media and governmental organisations in developing this educational event, which has become an important entry on Ulaanbaatar's calendar. Students with their families take part in all the activities during the exhibition days. Strong targeted links with local universities and schools ensure the right visitors attend the fair. Education providers have the opportunity to grow quickly in this emerging student market.

Market Overview

The Mongolian student market is developing as the economy rapidly expands due to investments from foreign companies. Living standards are on the rise and for many people the prospect of sending their children to study abroad is becoming a reality.

The USA accounts for nearly 1,000 students with other popular destinations including UK, Canada, Australia, Germany, Japan, South Korea, Peoples Republic China, Taiwan, Malaysia, and Singapore.

Enrolments in private higher education institutions have tripled since 1995, and there have also been large enrolment increases in public sector institutions. Around 30,000 students enter Mongolian universities and colleges every year (Ministry of Sciences, Education and Culture, 2003).

Fair Outline

International Education Exhibition Mongolia draws its maximum student participation, thereby ensuring exceptional quality. It is organized with the specific objective of helping institutes of higher learning reach a national cross section of students who have the qualifications and the means to contemplate further education.

As an exhibitor at this student fair you will have advantages such as:

- Face-to-Face personal access and interaction to all the students, parents and top decision markers and representatives from all over Mongolia.
- The opportunity to feature and demonstrate your new perspectives and programmes in a one-to-one environment.
- Meet and find local authorised partners and agents.
- Recruit students to study at your institution abroad.

INTERNATIONAL EDUCATION FAIR FINLAND- FALL 2019

Information

The Education Fair in Helsinki is an international education fair for upper secondary school students and graduates.

Reasons to Attend

The Finland Education Fair is an international further education fair for upper secondary school students and graduates. The visitors are also more and more interested in educational and working possibilities abroad. The 2017 edition of the Finland Education Fair received over 15,000 visitors and 142 exhibitors.

Market Overview

Education has always been a high priority for Finland. At the moment, Finland has 16 university level institutions and 25 polytechnics. The latest statistics show that over 13,000 students from Finland were studying internationally in 2009.

Finland has developed its world class education system which offers students wonderful higher education opportunities in almost all fields of study. The reputation of its education system is high not only because it provides high standard of education but because also because it is continuously working and investing for increment in level of educational standards. As such, the national educational strategy is to invest substantial amount on research based education to develop the country as the information society. The higher educational wings of Finland constitutes of Universities and Polytechnics which provide most advanced state-of-art facilities to its students.

Fair Outline

Most off the Finnish universities and polytechnic institutes participate in the fair. Participation of the Finnish further education field make Studia a vital part of the Finnish student counselling.

Exhibitor feedback

- 100% of the exhibitors were satisfied with the fair
- 95% of the exhibitors reached their target group very well or well
- 95 % of the exhibitors will certainly or most probably participate the fair next time

INTERNATIONAL TRADE EXHIBITION FOR EDUCATION IN HUNGARY

09 Jan 2020 - 11 Jan 2020

Information

International Trade Exhibition for Education in Budapest, Hungary, continues to grow as the leading event to promote international studies to an ardent audience of students in Hungary. The exhibition invites students from high schools, their parents, educators, educational institution directors and decision-makers to visit the event.

Reasons to Attend

The EDUCATIO International Trade Fair for Education, which has been organized each year since 2000, is the most important and most significant annual meeting of the profession of Hungarian education. Around 200 exhibition pavilions, nearly 30,000 visitors, representation from nearly all Hungarian higher education institutions, and the latest educational developments, school equipment, methods!

Hundreds of exhibitors – among them all of the Hungarian universities and colleges – represent the national secondary and higher education, the production of school equipment, the publishing of textbooks, the professional training, the language teaching and the quality assurance. The exhibition stands, the professional lectures and the presentations provide the opportunity for visitors to get more information about the present situation and the prospects of the education.

Market Overview

The total number of students in the higher education system was over 380,000 during the 2015/2016 academic year. Hungary has 70 operating higher education institutions. Hungarian institutions of higher education have started the transformation toward the regulations of the Bologna system. In the new system, both colleges and universities may launch bachelor, master and PhD programs provided that the necessary requirements are fulfilled. This also means that all awarded degrees are equivalent and transferrable throughout the EU and many other countries.

Fair Outline

It is one of the most momentous annual meetings for Hungarian educators across the country and increasingly from overseas. Besides the national and foreign higher education institutions, companies and other organisations related to education will also participate in Budapest, Hungary at the Trade Fair.

Thanks to the written material offered at the exhibiting stands, the presentations and the professional lectures, visitors at the education fair in Hungary, will have the opportunity to familiarise themselves with the specific features of each institution. During the three days of the Trade Fair, more than 25,000 visitors are expected to come and gather information about the content of training courses, academic programmes and admission requirements.

Following the practice of the past years, the exhibition will be dedicated not only to the opportunities of the continuation of studies in Hungary, abroad and the changes in the national higher education system, but also to the companies that are - in one way or another - related to education.

The importance of the education fair in Hungary for the students, the parents and the educational decision-makers is given by the fact that it makes them possible to get all the necessary information at the same time, in the same place: the students taking an entrance examination in the near future can inquire about the chances and the opportunities to take the entrance exam, while the decision-makers can inquire about the available tenders and the school equipment supply.

The Ministry of Education and Culture, in collaboration with the Educatio Kht., will organise the next International Trade Fair for Education.

KENYA - ISFA INTERNATIONAL STUDENT FAIRS AFRICA - SPRING

22 Feb 2020 - 24 Feb 2020

Information

Come and participate at the 12th edition of the ISFA International Student Fairs Africa - Spring 2020.

Reasons to Attend

The exhibition will bring together students and international education providers with the focus on recruiting students for foundation, undergraduate and postgraduate levels.

Higher education has recorded strong growth in East Africa in recent years due to increased demand. The use of websites, subscribing to academic journals, use of intranet, social media and other e-learning tools have revolutionised the academic sector in East Africa.

Market Overview

Altogether, there are about 100 universities in East Africa, both public and private, with Kenya hosting the highest number, 40.

With local Kenyan universities not being able to offer enough places for students, more students are looking into opportunities to study overseas as they also wish to improve their career prospects in the labour market after graduation.

According to University World News, 57% of 1,044 Kenyan students polled in the recent survey said that they would prefer to study in a foreign university than a local one. The number of Kenyans issued with student visas has been on the rise in recent years according to government statistics.

An increase in Kenyan schools offering A-Levels and International Baccalaureate naturally increased the number of students willing to study abroad. Those ones who obtained the Kenya Certificate of Secondary Education (KCSE) can still apply to foreign universities but most of such students choose to go for Access Courses abroad.

In the past decade Tanzania's public universities have witnessed rapid growth in enrolment. There are nearly 30 public and private universities in Tanzania. Demand for higher education is large with an estimated student population of 15,000.

According to a recent report from the Tanzania Education Sector Analysis, emphasis has been put on higher education, to adequately meet the growing demand from secondary school leavers and produce skills relevant to current and future economic growth. University enrolment has grown at an average annual rate of 30% over 2005-09.

Fair Outline

Main areas are undergraduate courses and postgraduate courses with a visible increase in interest for professional qualifications. Many foreign universities attract Kenyan students for access and foundation courses in marketing, business, management and IT.

The main subject areas are: business and finance, medicine and related sciences, IT, engineering, hotel management, humanities, law, science, MBA, and distant learning.

Once again, ISFA are also donating to the [Mara Meru Cheetah](#) project, if you would like to donate 5 Euros from your booking towards the charity, please mention this in the comments section of your invoice.

RUSSIA, UKRAINE - 34TH INTERNATIONAL EDUCATION FAIR - SPRING

04 Apr 2020 - 08 Apr 2020

Information

The 34th International Education Fair in Moscow and St.Petersburg is a top student recruitment event for undergraduates, postgraduates students and people with professional work experience since 1998 in the CIS region. The former ICIEP exhibition, International Education Fair was the first exhibition that took place in Russia with a focus on education abroad. In April 2020 the exhibition will take place in the major cities of Russia -Moscow and St.Petersburg as well as in Kiev, Ukraine.

Reasons to Attend

The exhibition has already become the largest international education exhibition in Russia. The ICIEP fairs also took place in Belarus and Ukraine in previous years. The event provides students with access to global study opportunities, and it continuously creates new recruitment opportunities for foreign education institutions.

The exhibitions are open to all institutions and organisations from around the world. They have been attended by institutions of education from Australia, Belgium, Canada, Cyprus, Estonia, France, Germany, Greece, Hungary, Israel, Italy, The Netherlands, Russia, Spain, Switzerland, Turkey, UAE, UK, USA as well as state delegations from Canada, USA, Germany, Hungary, Cyprus, Austria and many more.

Market Overview

Russia

The Russian government has revealed plans to encourage students to study abroad, by funding up to 10,000 students a year to attend some of the world's leading universities. According to a recent survey, education investment has become the favourite choice of many Russian parents. Students and parents alike are looking forward to finding out about opportunities to study abroad, making this event essential both for visitors and recruiters. International experts forecast that by 2020 Russia may enter the top-5 list of leading "demand states" in the world educational market, and the amount paid for education by the Russian students will triple.

The number of Russians receiving an education abroad has grown significantly over the last few years, with English language programs being the most popular courses according to data released by AcademConsult, a local study abroad agency for Russian students.

Every year more and more Russian students pack their bags and go to study abroad. The most popular destination is Europe, Canada, USA. Latest survey indicates that every third Russian student who is going to study abroad selects United Kingdom, every sixth-seventh - France or Germany. Study in Finland, Turkey, Sweden and

Netherlands is more and more attractive for many young Russians. High quality of Swiss education in the field of hospitality industry is well-known here. USA and Canada are the most popular destinations for studying abroad outside of Europe. Other destinations are Australia, New Zealand, India, Malaysia, etc.

Fair Outline

Each day will attract 1,500 - 2,000 attendees, including secondary school leavers, first, second and final-year university, graduates with work experience, low-level managers and mid-level managers.

The fair attracts exhibitors from countries worldwide, including several governmental bodies and/or their education promotion arms such as CEAIE, Study in Hungary, Study in Cyprus, Education USA, Study in Korea, Spanish Embassy, Campus France, the Canadian Education Centres Network, German Academic Exchange Service and DAAD.
