

# Indonesia - International Education Tour Spring

## Information

This is an annual Education Exhibition for institutions that aims to be the gateway for institutions around the world to directly meet Indonesian students who are seeking to further their higher education. The fair is in its seventh annual event and is the country's most universal education exhibition with institutions from over 20 countries participating.

More than 10,000 students from over 150 national high schools and universities across four cities attend. To provide better services to schools and universities, the fair will be providing bus pick-ups for free for the students to and from expo venue.

Every year, tens of thousands of Indonesia's students choose to study abroad - and this number continues to rise alongside a growing middle class. This interest has largely been made possible as students continue to become more fluent in English and other secondary languages. In light of this phenomenon, this fair serves as a gateway for students and parents to gain more information on the opportunities of overseas education.

The fair guarantees a minimum audience of 10,000 students from over 100 national high schools in Jakarta. As an event that is endorsed by the Ministry of Education and there is cooperation with high schools and provisioned scheduled bus pick-ups for free. Beyond the 10,000 guaranteed participants from high schools, it is expected that even more students come as we utilise an extensive promotional campaign that spans across various channels - including TV, billboard, radio, print, and online. This will be the largest overseas education exhibition in Indonesia!
