Market Overview

A unique opportunity to recruit students from Belgium and the Netherlands!

In addition to being an extremely fun experience, studying abroad is also a smart move for students. Research conducted by the European Commission has shown that young people who have studied abroad have a better chance of securing a steady job later on.

The Belgian as well as the Dutch government encourage international exchange programmes and make it financially feasible for students to study abroad. Students who are entitled to student grants and loans in the Netherlands are entitled to use them anywhere in the world. In addition to student grants and loans, students can also obtain a scholarship for a study programme abroad.

More and more Belgian and Dutch young professionals are adventurous and internationally oriented and want to explore their work skills beyond borders.
