

# Japan Education Expo - Fall 2026

13 Oct 2026 - 15 Oct 2026

## Information

The Education Fair Peninsular Malaysia will take place this December throughout Malaysia.

## Reasons to Attend

As one of the largest education fairs in this region, the education fair in Malaysia is perfectly timed, when over 500,000 students are expected to finish their SPM, STPM, O & A levels examinations.

## Market Overview

Over 79,000 students from Malaysia choose to study abroad each year. Malaysia is both modern and traditional, and the country proudly boasts five universities appearing in the QS World University Rankings.

Efforts have been made to encourage private sector's involvement in providing industry-relevant education so that Malaysia can become the world's 6th biggest education exporting country by 2020 with a target of 200,000 international students.

## Fair Outline

Supported by the Ministry of Education & Ministry of Higher Education, the Malaysia Education Fair is superbly timed because it will be held around the end of the SPM and STPM examinations and the release of UEC results. During this period, students and parents will be eagerly collecting vital information on programs and institutions of higher learning to pursue their further education. For many students, a visit to the education exhibition marks a new phase in their life. This is where they made their decisions not only on the choice of their program, but also the education institutions to help them build their future. For others, the fair is a place for them to gather information to help them make an informed choice for their educational needs.

Take the opportunity to present and promote directly to your future students your latest educational programs and benefits and advantages that you offer for them.

The Fair is officially supported by the Ministries of Education and Higher Education in recognition for its success and contributions to the education sector.
